## Who we are

Mount Litera Zee School is an endeavor by the Essel Group led by Shri Subhash Chandra, to prepare the leaders of the 21st century through its education arm, Zee Learn Ltd.

With more than 150 schools in 75 cities, Mount Litera Zee School is India's fastest growing chain of K12 schools. Zee Learn Ltd. is an innovation leader in Indian education since 1994, and also has its own preschool chain Kidzee. With 1400 preschools across India, Kidzee is Asia's largest chain of preschools.

## What we do

At Mount Litera Zee School, we have always believed that education is the key to unlock the unique, infinite potential within every child. For this purpose, we envisioned a future for our children and analyzed in depth the education system our children need to succeed in this unknown future. We planned backwards to find the best possible way for them to achieve this education. We also envisioned the skill sets needed for every child who passes out of Mount Litera Zee Schools. This **Emerging Student Profile** forms the DNA of all that we do for the child.

The **Emerging Student Profile** is our promise and our goal. Everything we do in the school is aligned to this end goal in order to achieve this for each child. While each child will take a different path towards this profile, we run the school with the firm belief that it is this profile that will enable our children to be the leaders of the 21st century.

The Emerging Student Profile comprises three essential faculties – **Core Values, Life Skills, and Knowledge.**

Core Values function as the foundation of leadership. Our students will be the role models for these values: **Integrity, Open-mindedness, Authenticity, Humility, Growth Mindset, and Compassion.**

Knowledge as defined at Mount Litera Zee Schools goes beyond the traditional boundaries of academic learning. Our students will gain knowledge in: **Higher Order Thinking Skills, Sports, Art (Fine arts, Performing arts, and Applied arts), Entrepreneurship and Finance.**

Life Skills are critical to lead life successfully. Our students will emerge out of the school with the following life skills: **Effective Habits, Media Literacy, Aesthetic Sense, Metacognition, Risk Taking, and Self-Management.**

## How we do it

Mount Litera Zee Schools have a proprietary pedagogy, Litera Octave, a curriculum that has certain critical attributes. It is interdisciplinary, project-based, and research driven. The curriculum incorporates higher order thinking skills, multiple intelligences, technology, and multimedia.

It might seem difficult, but it is possible. It has happened and is happening in Mount Litera Zee Schools across the country. And there is growing evidence of schools everywhere having the same results when they implement the Litera Octave Curriculum.

## Our Features

- \* Technology Enabled Learning
- \* Periodic Student Monitoring & Evaluation with parental involvement
- \* 60 hours of training imparted to teachers to ensure quality
- \* Olympiads Training
- \* Drama, Music and Debate Club
- \* National & International Learning Tours
- \* iCare - Anti Child Abuse Programme
- \* Digital Citizenship Programme
- \* Financial Literacy program
- \* Sports
